That includes:

- b. the overdue amount or other reason for the disconnection;
- c. the requirements for reconnection;
- d. the procedure for residential customers to declare a medical emergency;
- e. the existence of the utility's LIAP (if it has one) and procedures for enrollment;
- f. the existence of the utility's oxygen pump assistance program (if it has one) and procedures for enrollment pursuant to Chapter 314;
- g. a copy of the customer's rights during the winter period, pursuant to section 10(M)(5)(b);
- h. the customer's right to bring any unresolved disputes to the CASD; and
